WHEREAS, Assignor has applied for the United States patent listed in Exhibit A attached to this Assignment, the application for which is currently pending in the PTO (the "Patent Application"); and

WHEREAS, Assignee wishes to acquire and Assignor wishes to assign all of Assignor's right, title and interest in, to and under the Patent Application;

NOW, THEREFORE, for good and valuable consideration, receipt and adequacy of which are hereby acknowledged, Assignor hereby sells, assigns, transfers, conveys, delivers, and sets over to Assignee all of its right, title and interest in, to and under the Patent Application, including any patents which may issue therefrom and any continuations, divisions, continuations-in-part, reissues or extensions thereof and including the subject matter of all claims which may be obtained therefrom for its own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by the Assignor if this assignment and sale had not been made.

Assignor agrees to execute and deliver, at the request of and at the expense of, Assignee, all papers, instruments and assignments, and to perform all other reasonable acts, to more fully vest Assignor's right, title and interest in, to and under the Patent Application in Assignee and to more fully evidence the rights of Assignee hereunder.
